Making a difference

Holemaking Catalogue 2012

www.alliedmaxcut.com

Allied Maxcut (AMEC®) is the European Headquarters of Allied Machine & Engineering Corporation USA, a global leader in innovative high performance metal cutting technologies and solutions.

Our focus on tool innovation, performance improvement and productivity gains for our customers, enables us to deliver outstanding results in a diverse range of manufacturing, production and process engineering industries.

As a result, AMEC® high performance tooling is helping countless businesses across the world to produce better products with greater accuracy, increased speed and higher quality.

Precision, performance and productivity are core features of AMEC® tooling and our commitment to innovation in all aspects of hole making technology means we continually

set new industry standards in production efficiency, tool life and manufacturing cost improvements.

This product catalogue provides detailed information on every product in our range in a comprehensive, easy to use and informative single source reference guide. However, we recognise that every company's needs are unique, which is why our customer services and technical support team are always available to provide help and advice, should you need it.

Whatever your need, AMEC® delivers high performance tooling at the cutting edge.
